

JSPM's **Jayawant Institute of Management Studies** Tathawade, Pune

BEST PRACTICES

- 1) Quality Content Validation (QCV)**
- 2) Digitization of Academic Practices**

“Small deeds done are better than great deeds planned”
- Peter Marshall

Quality Content Validation (QCV)

THE CONTEXT :-

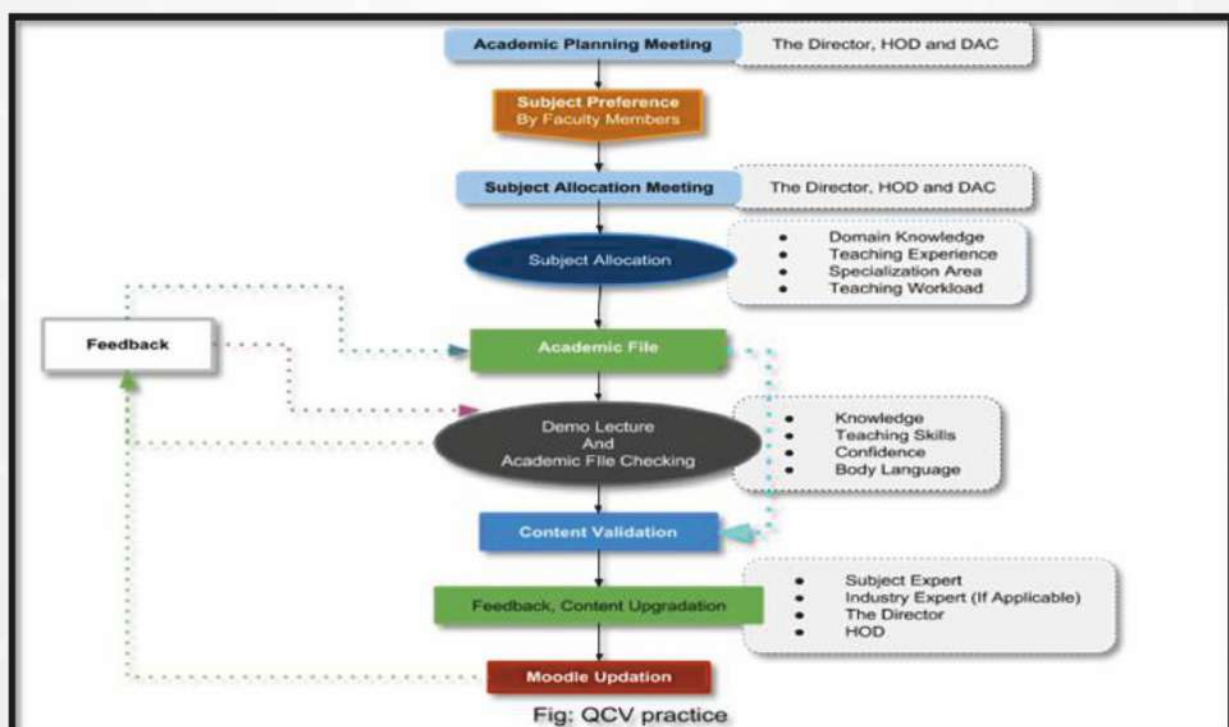

- 1) The institute has the practice of providing précised content to the students through various modes from the beginning.
- 2) Through the validation process, the institute ensures the students with quality, précised and error-free content.

OBJECTIVE :-

- 1) To respond to the growing demand for meaningful and relevant teaching by validating and enhancing the Quality of content delivered.
- 2) To provide a platform where the teachers can improve teaching abilities and able to develop a suitable teaching style.
- 3) To enable précised, error-free content and quality teaching which makes the teaching learning process enjoyable.

THE PROCESS

IMPACT OF QCV

Digitization of Academic Practices

THE CONTEXT :-

- 1) The process of digitization of academic activities was adapted after understanding the change in technology, need of the hour.
- 2) In designing this practice lot many questions were to be addressed before implementing this system like students varied geographical area, level of technology penetration, academic background as well as teaching and administrative staff's technology familiarity, resistance etc. over coming this differences and challenges, a system is design which will address all the students as well as staff.

OBJECTIVE :-

- 1) To acquire, store, process and distribute the information in the digital form.
- 2) To serve the information needs of students, parents, teachers, staff & other stakeholders in the most effective way.
- 3) To encourage environment-friendly practices by promoting Digitization.

Digitization Tools

Impact of Digitization

- 1) It enables to acquire, store, process and distribute the Information in the digital form.
- 2) It serves the information needs of students, parents, faculties in most effective way.
- 3) It gives real time information.
- 4) It encourages environment friendly practices.
