## **Industrial Visit Report to Praj Industries.**

### **Advisors: -**

**Dr. Bipin Bankar (Director, JIMS)**

**Dr. Sudarshan Pawar (HOD, MBA)**

### **Event Details: -**

**Event Name: - Industrial Visit**

**Event Date: - 24/06/2023**

**Venue: - Praj Industries Sanaswadi, Taluka Shirur, Pune.**

**Target Audience: - BE/BTech., MBA (1<sup>st</sup> Year & 2<sup>nd</sup> Year Students)**

**Visit Coordinator: - Prof. Saily Talodhikar**

**Accompanying Faculties: - Prof. Sham Malgikar and Prof. Saily Talodhikar**

**Mode of transportation: - Institute Bus**

JSPM's Jayawant Institute of Management Studies had organized an Industrial Visit for the students of MBA-1<sup>st</sup> Year and 2<sup>nd</sup> Year Students. The event was organized by Prof. Saily Talodhikar. The sessions conducted were very educational and gave the students the exposure as to how the industry and the outside market work. The company outreach plus opportunities were discussed which motivated the students to progress in their stream.

### **About Praj Industries: -**

The Praj Industries Ltd is engaged in the design, manufacture, supply and commissioning of fermentation and distillation equipment for the manufacture of Ethanol. The company was promoted by Dr. Pramod Chaudhari in 1985.

According to the route and time plan, one bus was departed from the Institute at 8:00 a.m. and reached at Praj Industries at 9:30 am. The Security officer welcome the bus and guided for the entry in seminar room. After completion of breakfast a thorough introduction of the company was given by Ms. Deepa Shelar. The PPT presentation was very informative with the introduction of company profile and principles.

## The Objectives of Industry visit are as: -

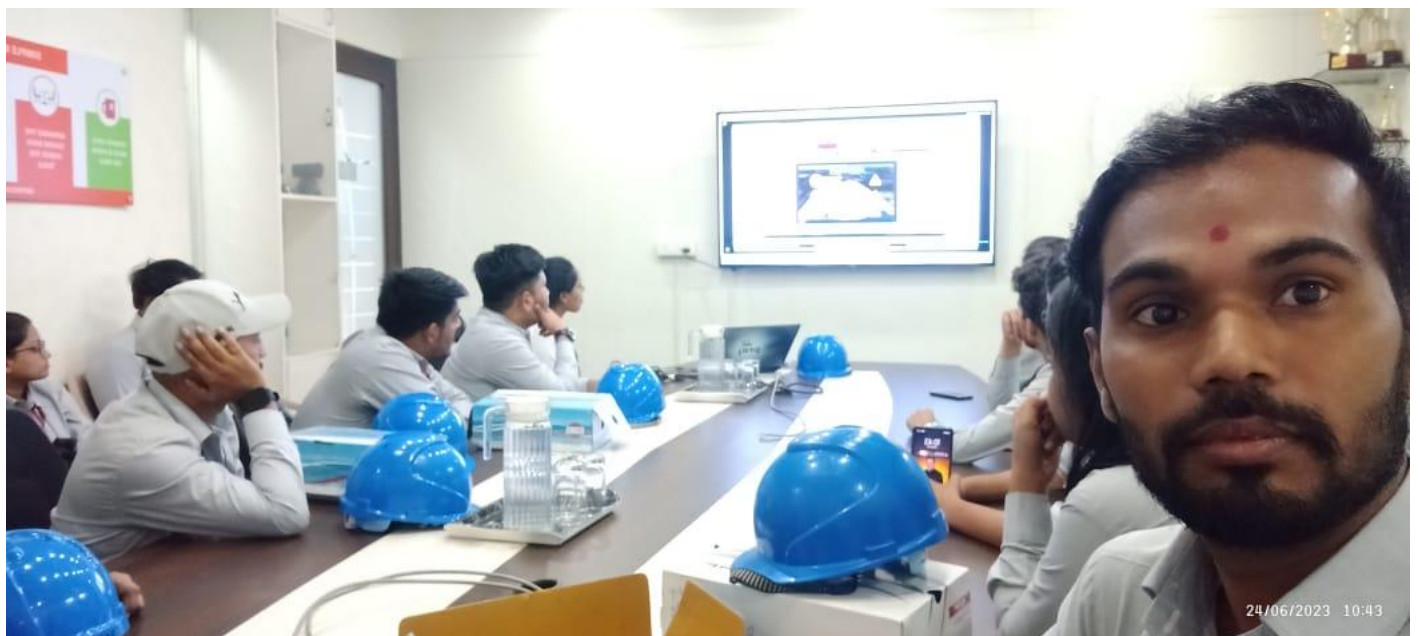

- To Provide exposure about business aspects to the students.
- To interact the students with actual industry personals.
- To experience the working environment in industry and visualize the all the important
- Departments in the Industry.
- Interaction of students with the peoples of all-important department

## Learning Outcomes:

- Students learnt about the real machines, Boiler, workstations, systems, plants, assembly lines, etc., and how the system works from the experienced experts in the industry.
- Students understood how professionals perform at work and implement certain industry-specific concepts such as benchmarking, quality analysis, just-in-time production, etc.
- They saw how professionals handle hundreds of workers at the same time, but still maintain the quality norms and targets of the organization.
- They also learnt how the different segments of professionals such as workers, engineers, and managers work in harmony to achieve a common target.
