

# Finance Club

The Finance Club at JIMS is a new activity which is a Student driven initiative towards enhancing the knowledge in the field of finance through interesting and innovative activities, events, discussions and workshops. The club started its operations very recently, in January 2019 where a couple of students came up with idea and asked the faculty members to conduct a knowledge sharing session for the whole batch.

The Finance Club has its roots in this session. The Finance Club is an open forum and open to all the students, irrespective of their specialization.

At present the Club at JIMS Campus boasts of more than 40 members coming from finance and non-finance backgrounds. The club focuses on driving initiatives in the finance domain and intends to further the cause of finance at our Institute. The core team, at present, consists of 5 students and three faculty members who work on creating awareness on different domains in the financial services industry. The club aims to not only educate the students but also reach out to industry veterans and invite periodic speaker sessions to expose students to the various practical aspects of finance. It shall work towards boosting interest in Finance on the campus and also help to maintain that interest through competitions, workshops and professional opportunities. The Finance Club shall strive to be Instrumental in ensuring preparedness for placements and also endeavors to serve as a bridge between the industry and the student community.

Given the current financial and economic scenario in India and in the international arena, it was crucial that we, the students and as future managers, should have a thorough understanding of policies, the markets and financial procedures.

Guided by these philosophies and quest for knowledge, the Club came up with a variety of small sessions to create interest amongst our fellow participants. Other activities being held for engaging participants are Mock Stock, Simulations, Finance tutorials and revisions, Study Sessions, and more. The aim is to give them exposure to reality based situations and prepare them for their career ahead.

## **The Finance Club's activities shall include:**

- Conducting knowledge sharing sessions and workshops for the batch.
- Conducting quizzes, virtual stock market games and other such activities.
- Organizing interaction with finance experts from industry and academia.
- Organizing discussion on latest financial developments across the world.
- Sessions on Stock Markets (Fundamental and Technical)
- Virtual Stock Exchange Trading
- Finance Quiz Contest
- Industry / Sectoral Financial Analysis
- Orientation to Finance/Business Jargons

➤ Guest/Expert/Alumni Lectures

**Objectives:**

- To increase students interest in Finance by relating the experiences of students, professors , experts and alumni.
- To foster an environment amongst the students to discuss recent trends and developments in the field of finance.
- To provide a comprehensive understanding of the finance industry, including its related jobs and certificates.
- To help members with their interpersonal skill such as leadership and presentation skill.
- To become a Centre of learning in the field of finance to create successful finance professionals.

The major focus is to provide professional and social network for students who wish to pursue career in finance. The club gives opportunities to students by providing reach to industry experts.
