1	Introduction
2	List of Rare books
3	List of General Reading books
4	List of CDs
5	List of Journals
6	List of E-Journals

Introduction

Rare Books

As per Library Science, “a rare book is distinguished by its early printing date, its limited issue, the special character of the edition or binding, or its historical interest”

Other Knowledgeable and General Reading Books

Reading Books is a way to develop mind, because it is well known and accepted way to learn something. Books have a power to change the way of thinking. Apart from academics related books Institute library provide plenty of other knowledgeable books that can expand readers mind. Following are the details of other knowledgeable books available that includes novels, Biographies and Anthology.

Projects:

The Curriculum designed by Savitribai Phule Pune University (SPPU) is intended to add immense value to all the students, teachers and other stakeholders. It is achieved by supplementing the traditional classroom teaching/learning with focus on group activity, field work, experiential learning, self-study, projects, Industry Exposure Programmes etc. CBCS ensures that students enhance their skill/employability by taking up project work, entrepreneurship and vocational training.

During 2 years every **MBA** student undertakes a Summer Internship Project (SIP) and Dissertation/Field Projects. SIP may be a research project – based on primary/ secondary data or may be an operational assignment involving working by the student on a given task/assignment/project/ etc. in an organization / industry. It is expected that the SIP shall sensitize the students to the demands of the workplace.

Every **MCA** student at the end of the sixth semester is examined in the course "Project work". Student supposes to collect all requirements, do the analysis of the requirements of project. Student should prepare the SRS of the project. Student should complete the project up to design phase of SDLC.

The reports of SIP/Internship Projects are made available for other students from upcoming batch.

Audio/Visuals - CD's:

Libraries must deal with the increased demands on services, staff and collections. Making information more accessible to more people is the objective of Library and it can be achieved by providing cheap and durable audio-visual medium i.e. CD. It has significantly changed the way in which library users access information.

Journals and E-Journals:

According to University of Victoria, "A journal is a scholarly publication containing articles written by researchers, professors and other experts. Journals focus on a specific discipline or field of study". The Journals are intended for an academic or technical audience and not for general readers. It is best resource for the researcher to find the information in specific domain. Due to peer reviewed and original research on current developments 36 Journals and 2 E-Journals (Both for MBA & MCA) are subscribed by the JIMS Library.

Details of Knowledgeable resources

Sr. No	Details	Number
1.	Projects(MBA & MCA)	704
2.	CD's (MBA & MCA)	890
3.	Journals	36
4.	E-journals	02
5.	Rare Books	19
6.	General Reading Books	185
